Modern range of furniture for the new head office in London

HARVEY NICHOLS

London

By KLC

Harvey Nichols approached KLC to supply their furniture for their new head office in Chiswick. The brief was clear, supply and install a range of furniture that can be reconfigured with ease, look simple and stylish and above all to be manufactured in the UK.

We supplied a stunning range of bench desking manufactured just 20 miles from Chiswick with matching mobile under desk pedestals and complemented with Joy task chairs from Orangebox.

The install took just two days to complete across all five floors a week ahead of schedule.
