

PUTNEY MEGHRAJ

February 2006

To strip out all old and redundant partitioning, ceilings and fittings and refit to modern and cost effective standard.

Putney Business Centre London SW15

By KLC

Putney High Street is a vibrant trendy area of south west london and is attracting a diverse range of businesses that need to be within easy reach of Central London without paying the high square footage costs.

The brief for KLC was to transform three floors of a dilapidated building into a light, airy space which would attract modern businesses whilst working to a very tight budget. All the ceilings were replaced, new lighting installed, blown plaster to walls replaced, new wood flooring installed and total redecoration throughout has created a very desirable space in keeping with the local area.
